**WORCESTER CANOE CLUB HEALTH AND SAFETY POLICY STATEMENT.**

In all of its activities, the Health and Safety of Members, Visitors and any persons joining in any activity associated with the Club shall be of paramount importance.

In common with standard practice all Members and Visitors along with any person joining in any activity associated with the Club shall be expected to actively consider the Health and Safety of themselves and others when participating in / and / or organizing Club activities or when attending Club Premises.

The Club shall adopt Health and Safety advice and Safeguarding and Protecting Children and Vulnerable Adults advice issued by its governing body British Canoeing subject to any amendments made to enable more effective measures tailored to the specific needs of the Club. Any such amendments shall be fully documented in the Club's Health and Safety Procedures and shall be effective only after minuted adoption by the Worcester Canoe Club Committee.

Signed on behalf of Worcester Canoe Club
